This memo provides guidance to providers on the impact of electronic video monitoring, recording, photographing and filming on residents' and tenants' right to privacy in facilities regulated by the Division of Quality Assurance (DQA), Bureau of Assisted Living (BAL). It describes the permissible and impermissible circumstances and locations for facility-initiated use of such recording equipment under existing Wisconsin State Statutes and Administrative Rules.

If you questions about this memo, please contact your Regional Director in the Bureau of Assisted Living for additional guidance before pursuing installation of electronic video monitoring or filming equipment. The Assisted Living Regional Director contacts can be found at <https://www.dhs.wisconsin.gov/dqa/bal-regionalmap.htm>. Facilities are also encouraged to consult with their own legal counsel regarding these issues.
