What Do We Do Now?

There was a fire at a facility close to us and we admitted some of their residents on an emergent basis.

One of those resident that we admitted had recently been on Med A coverage due to an updated weight bearing status order.

An OBRA admission MDS was submitted and then later we found out the resident was to be on Med A.

Response

Complete the 5-day ASAP and reach out to National Government Services (NGS) who is the MAC for Wisconsin

Question

If a resident is Med Advantage, is their admission MDS to be coded as an Admission and a 5 day MDS? Or just simply an Admission MDS?

Answer

Just an admission assessment would be needed. (you may however want to check with insurance to see if they require PPS assessment to be completed)
