2019 Cost-of-Living Adjustment (COLA) for Medicaid for the Elderly, Blind, or Disabled

CROSS REFERENCE

Medicaid Eligibility Handbook

EFFECTIVE DATE

January 1, 2019

PURPOSE

The purpose of this Operations Memo is to announce this year's Social Security Cost-of-Living Adjustment (COLA) and the resulting increase in some Medicaid financial eligibility limits, effective January 1, 2019.

BACKGROUND

As announced by the Social Security Administration, the COLA for calendar year 2019 is 2.8%, for the Social Security Administration (SSA) Old Age, Survivors and Disability Insurance (OASDI or Title II) Program and the Supplemental Security Income (SSI or Title XVI) Program.

The Medicare Part B costs are also updated based on the yearly amount set in federal law.

The federal COLA increase will result in changes to many of the Medicaid income levels, allowances, and deductions in CARES.

The Social Security auto-update process will update Social Security amounts as part of the annual CARES COLA mass change on the weekend of December 1, 2018. The monthly Social Security auto-update will be run prior to December adverse action. There is only one Social Security auto-update in December.

CARES eligibility redeterminations for January 2019 will occur as part of the annual COLA mass change.

Note: SSI amounts will not be updated in CARES through the COLA mass change. SSI amounts will continue to be auto-updated on a weekly basis. The increase in federal SSI payments will appear as an auto update after adverse action in December 2018 and will impact February 2019 benefits. The regular SSI auto-update alerts will be generated when these amounts change.

There will not be a COLA increase in state SSI Supplement or Supplemental Security Income Exceptional Expense (SSI-E) payment amounts.

2019 MEDICARE PART B PREMIUM AMOUNT BASED ON INCOME

Some people who get Social Security benefits will pay less than the standard monthly premium amount of \$135.50.

The people who pay the standard monthly premium or higher amounts shown in the chart below are those who fall into one of the following groups:

1. Individuals enrolled in Part B for the first time in 2019
2. Individuals who do not receive Social Security benefits.
3. Individuals who are directly billed for Part B premiums.
4. Individuals who have Medicare and Medicaid, and Medicaid pays their premiums (the state of Wisconsin will pay the standard premium amount of \$135.50).
5. Individuals whose modified adjusted gross income as reported on their IRS tax return from 2017 is above a certain amount.

Cross Reference: None

Effective Date: January 1, 2019

CARES: Auto-updated for each case.

Yearly Income (as Reported on the 2017 IRS Tax Return)

CARES

COLA MASS CHANGE

Data updates are made based on information received from the SSA related to COLA increases to Social Security benefits (i.e., disability, survivor, and retirement).

The COLA mass change will update the following fields on the CARES Unearned Income page and Medicare page:

- “Social Security Benefit” field
- “SSA/COLA DAC Disregard” field
- “QMB/SLMB ‘Current’ Disregard” field
- “SSA Claim Number” field
- “Social Security Payment Subtype” field
- All fields on the Medicare page

For each member in a Wisconsin Works (W-2), child care, BadgerCare Plus, Medicaid, home and community-based waivers, or FoodShare assistance group that is open or has been closed for less than 30 days, CARES will update the SSA benefit amount with an effective date of January 1, 2019. Because SeniorCare uses an annual budgeting process, SeniorCare-only cases will not be updated automatically.

When applicable, the CARES Medicare page will be updated with the increased Medicare Part B premium amount. The premium payer will be updated on the CARES Worker Web (CWW) Medicare page if SSA data differs from that in CARES.

ALERTS

Alert code help text is available in CWW on the Alert Code Help Text Search page, which can be found under Reference Tools in the Navigation menu. Also, CUAH, alert help text in the CARES Mainframe, often has useful information for workers. It provides information about why the alert was set and what action is needed. To use this feature, enter CUAH in the NEXT TRAN field and the alert number in the PARMS field.

ALERTS REQUIRING FURTHER ACTION

The following alerts require further action by the worker:

- 369 – SS INFO UPD AND DISCREP EXISTS: The auto-update process adds together the following:
 - The net Social Security income of all Social Security income types on the Unearned Income page.
 - Any Medicare premium on the Medicare page.
 - Any Social Security recoupments.

Note: These three amounts are also shown on DXSA and DXSX.

The total of these amounts is then matched against the gross SSA income on the BENDEX file. If they do not match, there could be a discrepancy (for example, possible garnishments being taken from Social Security income for child support, back taxes). If a mismatch is found, alert 369 will be set for the worker. The worker must follow up with SSA to determine the reason for the discrepancy.

The worker must determine if the income is disregarded or counted. If the income is required to be counted, the worker must enter the amount as “OT-Other” income on the Unearned Income page.

- 349 – ELIG NOT DET AT MC/AA RUN SFEX: This alert indicates that the case did not go through mass change or adverse action because it exceptioned off.

The case will appear on Control-D/CARES Report C306: Mass Change Exception Listing. Control-D/CARES Report C306 includes the following:

- Cases with overrides.
- Cases with person add/deletes that have not been confirmed.
- FoodShare cases closed for less than 30 days.
- Assistance Groups in pending status.

The case will also be listed on Control-D/CARES Report C307.

For these cases, you must initiate eligibility to determine eligibility and confirm when you get the correct determination. If you do not run eligibility and confirm before adverse action, you must run eligibility with the recurring month’s date.

ALERTS THAT WILL NOT BE SET

The following alerts will not be set due to the large number of individuals to whom this alert applies during the mass change:

- 370 – FYI SS INCOME UPDATED
- 383 – FYI MEDICARE INFORMATION UPDATED

ALERTS GENERATED WHEN COLA RECORD INCLUDES RAILROAD RETIREMENT BENEFITS

When the COLA record includes Railroad Retirement benefits, the case will not be automatically updated. The following alerts will be generated and sent to the primary worker and alternate worker in these situations:

- 379 – SSA INDICATES RAILROAD BENEFIT: This alert will be generated to the primary worker whenever the record from SSA indicates that the individual is receiving Railroad Retirement benefits.
- 380 – SSA INDICATES RR BENEFIT: This alert will be generated to the alternate worker whenever the record from SSA indicates that the individual is receiving Railroad Retirement benefits.

MEDICARE BENEFICIARIES, MEDICAID PURCHASE PLAN (MAPP), AND COLA DISREGARD

Special processing rules are used for Medicare beneficiaries and MAPP members when their Social Security benefits are increased by the COLA. Federal law prohibits using 2019 Social Security benefit amounts to determine financial eligibility until after the 2019 federal poverty levels (FPL) are published by the federal government. This is to prevent cases from closing due to an increase in income before the higher FPL limits take effect. For this reason, the COLA increases that appear with the January Social Security checks should be disregarded.

During the CARES COLA mass change in December 2018, the COLA increase amount will be stored in the “Current Disregard” field on the CWW Unearned Income page. For Medicare Beneficiaries and

MAPP cases that are run after the COLA updates are made in CARES and before the FPL limits are updated, CARES will automatically subtract the COLA increase amount from the member's income before comparing it to the program income limits. In addition, CARES will subtract the COLA increase amount in the "Current Disregard" field from the member's income before comparing it to the income limits for MAPP premiums.

For new Medicare Beneficiary and MAPP applications processed after December 1, 2018, workers should enter the 2019 COLA increase amount in the "Current Disregard" field on the CWW Unearned Income page (the 2018 Social Security benefit amount will auto-populate). Once entered, CARES will subtract the amount in the "Current Disregard" field from SSI when determining eligibility for benefits and calculating the MAPP premium. Once CARES is updated with the 2019 FPL limits, the "Current Disregard" amount will be ignored by CARES. Eligibility for Medicare beneficiaries and MAPP members, as well as for calculation of MAPP premiums, will then be determined using the 2019 Social Security benefit amounts.

REPORTS

Social Security information is updated in CARES on a monthly basis through the data exchange with the SSA. This process has reduced the number of exceptions created during the annual CARES COLA mass change. For the exceptions that are created, the following reports can be used to resolve the exceptions.

REPORTS THAT REQUIRE WORKER ACTION

The following report requires worker action:

Control-D/CARES Report ID		Report Title
C306	CMC190RA	MASS CHANGE EXCEPTION LISTING This report is produced at any mass change and lists AGs that did not run through eligibility. Cases on this report must be reviewed by agencies and the issues must be resolved. The individual cases on this report will also have alert 349 generated.

INFORMATIONAL REPORTS

The following reports are for information purposes only and may be useful when researching an exception:

Control-D/CARES Report ID		Report Title
C300	CMC180RA	AGS AFFECTED BY MASS CHANGE This report lists cases with an AG that increased or decreased as a result of the mass change. If one AG in the case changed, all AGs are listed.
C301	CMC180RB	MASS CHANGE SUMMARY BY AGENCY This report shows the number of AGs by agency that opened, closed, increased, or decreased. It also shows dollar amounts, when applicable.
C302	CMC180RC	MASS CHANGE SUMMARY STATEWIDE This report shows the number of AGs statewide that opened, closed, increased, or decreased. It also shows dollar amounts, when applicable.

CARES TABLES

Reference table updates are being made to three CARES tables that are used in determining Medicaid eligibility. The updates will be effective on January 1, 2019, for CARES tables TMEP, TASP, and TSCA (updates to table TCDP have already been completed through 2019). Changes to these tables are required because of changes in the federal portion of the SSI payment level upon which the Medicaid income limits are based or because of a change in the Consumer Price Index.

SUMMARY OF UPDATES TO CARES TABLES

CARES Table	Data Updated
TMEP	<ul style="list-style-type: none">• SSI-related income and shelter-limit changes in Community Waiver income limits and personal maintenance allowances• Medicare Part B premium amount• Spousal impoverishment maximum income allocation
TASP	Spousal impoverishment asset limit
TCDP	Dates controlling the time between the COLA mass change and the FPL mass change
TSCA	SSA COLA percentage
