Background

The funding source for this program is the Substance Abuse Block Grant (SABG). This funding comes from the prevention portion of the SABG and must be used on primary prevention activities, strategies and programs. All guidelines of the SABG must be followed in spending these funds. The data gathered for this contract must also be submitted in the SAP-SIS reporting system for prevention.

Generalized Funding Statement

\$132,000 to the Menominee Tribe on the FFY calendar.

Scope of Work Summary

- The Menominee Tribe uses these funds to support alcohol and other drug prevention efforts. The Substance Abuse Prevention program uses primary prevention activities, strategies and programs to impact alcohol and drugs issues on tribal land.
- Activities include training programs with the Menominee Tribal School, Positive Indian Parenting Programs, early intervention, support to families and wraparound programs.
- The Menominee tribe also coordinates, supports and provides assistance to prosocial and sober events and works collaboratively with The Menominee Indian Tribe of Wisconsin's Youth Development and Outreach Department, Menominee Indian School District, Menominee Tribal School, Menominee Language and Culture Department and the local Woodland Boys and Girls Club.
