

WWWP New Model Updates

Karen McKeown

State Health Officer and Administrator,
Division of Public Health

June, 2015

Agenda

- Background
 - Workgroup recommendations
 - Current status
 - Next steps
-
- For more information,
<https://www.dhs.wisconsin.gov/wwwp/model.htm>

Department's Commitment

The Department of Health Services (DHS) is committed to ensuring that the Wisconsin Well Woman Program (WWWP) remains strong and available for eligible women who need breast and cervical cancer screening.

Reason for Change

- Very large provider network
 - More than 1,000 provider sites for 10,000 women
- Large coordinating agency network
 - 67 coordinating agencies
- Difficult to provide quality assurance monitoring
- Difficult to achieve efficiency

Process of Change

- Initial proposal
- Work Group
 - Development
 - Members
 - Charge
 - Did not include City of Milwaukee and Tribes
 - Report
 - <https://www.dhs.wisconsin.gov/wwwp/workgroupreport.pdf>

Wisconsin Well Woman Program (WWWP) New Model Updates:

WORK GROUP RECOMMENDATIONS

2.1 – Identification of Multi-Jurisdictional Areas (MJAs)

- Work group recommendations
 - Option with 10 MJAs
 - Option with 11 MJAs
 - Not assigned:
 - Waukesha (previously existing different model)
 - Washington and Ozaukee
- Outcome
 - Selected option with 11 MJAs
 - Modifications
 - Waukesha and Jefferson
 - Washington and Ozaukee
 - Final – 13 MJAs

2.2 – Funding Allocations

- Consider a formula based on the population being served, including specific attributes:
 - Disparate needs
 - Interpreting and translation needs
 - Number of women served by the WWWP
 - Geographic size of the multi-jurisdictional area
 - Number of women eligible
 - General population
 - Number of women living in poverty

2.2 – Funding Allocations

- Consider a formula based on the population being served, including specific attributes:
 - Disparate needs
 - Interpreting and translation needs
 - Number of women served by the WWWP
 - Geographic size of the multi-jurisdictional area
 - Number of women eligible
 - General population
 - Number of women living in poverty

# of proposed women	Proposed base
100 - 199	\$50,000
200 - 299	\$60,000
300 - 399	\$70,000
400 - 499	\$80,000
500 - 599	\$90,000
600 - 699	\$100,000
700 - 799	\$110,000

2.2 – Funding Allocations

- Consider a formula based on the population being served, including specific attributes:
 - Disparate needs
 - Interpreting and translation needs
 - Number of women served by the WWWP
 - Geographic size of the multi-jurisdictional area
 - Number of women eligible
 - General population
 - Number of women living in poverty

2.2 – Funding Allocations

- Consider a formula based on the population being served, including specific attributes:
 - Disparate needs
 - Interpreting and translation needs*
 - Number of women served by the WWWP
 - Geographic size of the multi-jurisdictional area
 - Number of women eligible
 - General population
 - Number of women living in poverty

*An additional recommendation was to create a separate set-aside for translation and transportation services.

2.2 – Funding Allocations

- Consider a formula based on the population being served, including specific attributes:
 - Disparate needs
 - Interpreting and translation needs*
 - Number of women served by the WWWP
 - Geographic size of the multi-jurisdictional area
 - Number of women eligible
 - General population
 - Number of women living in poverty

*An additional recommendation was to create a separate set-aside for translation and transportation services.

2.2 – Funding Allocations (cont.)

- During the transition period, have some extra funding available to assist the new multi-jurisdictional agencies for unanticipated costs.
- Guarantee a stable plan for 3–5 years. This is recommended to provide stability to local public health organizations that are going to act as the new multi-jurisdictional agencies.
- As this new breakout of agencies matures, include some local participation in any recalculation of funding formulas.

Proposed WWWW Transitional Funding

April 1, 2015 - June 30, 2015

Area	Number of Counties per Area	Amount per County*	Total per County Portion
Aurora Health Care	2	\$639	\$1,278
Brown	7	\$639	\$4,473
Dane	2	\$639	\$1,278
Eau Claire	8	\$639	\$5,112
Juneau	10	\$639	\$6,390
Kenosha	2	\$639	\$1,278
La Crosse	5	\$639	\$3,195
Oneida	9	\$639	\$5,751
Polk	6	\$639	\$3,834
Portage	7	\$639	\$4,473
Racine	2	\$639	\$1,278
Washington	2	\$639	\$1,278
Winnebago	9	\$639	\$5,751

* Administration Portion (75% of Administration and Social Support Funding) for 07/01/2015 06/30/2016) divided by 71 counties (\$45,357 divided by 71 counties = \$639 rounded up)

2.3 – Strategies to assist with role clarification for coordinators and coordinating agencies

- Coordinator qualifications
 - Add “public health nurse” and “health educator” to the list of specifically defined job classifications.
 - Eliminate the requirement that a coordinator must be a nurse, licensed clinical social worker or physician assistant. Replace this with a list of minimum requirements that a coordinator should have.
- Create time estimates for coordinator work.
- Review feasibility of coordinators making appointments.

2.4 – Transition Plan

- Data (privacy and sharing)
- Communication during the transition
- Interpretation and translation
- Timeline
- Coordinate on transition and long-term planning

Other Recommendations

- 2.5 – Referral process to BadgerCare Plus and Marketplace
- 2.6 – Translation and interpretation services
 - Standardize materials and have them translated
 - Separate set-aside in the budgets

Wisconsin Well Woman Program (WWWP) New Model Updates:

CURRENT STATUS

Department of Health Services

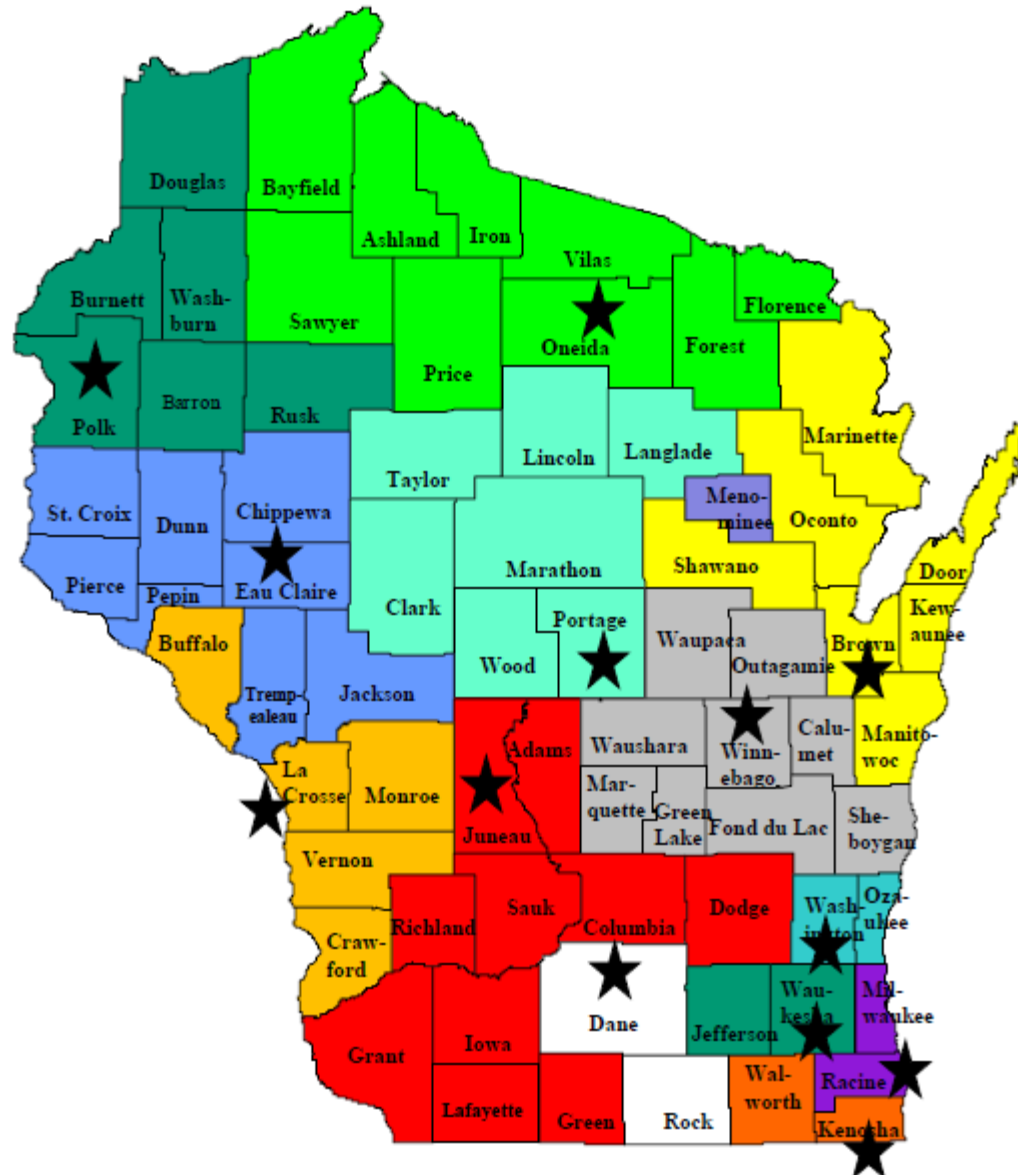

Multi-Jurisdictional Agencies Beginning July 1, 2015

Area	Counties per Area	COUNTIES within Jurisdiction

Access to Wisconsin Well Woman Program Provider Locations

Source: WI DHS, Bureau of Community Health and Promotion, Wisconsin Well Woman Program, June 2015
Map created by WI DHS Bureau of Information Technology Services, June 2015.

	Before New Model	After New Model
Coordinating Agencies*	67	13
Providers	400	44
Provider sites	1,060	478 **

	2013	2014
Women served	10,075	5,799

* Not including City of Milwaukee and Tribes

** Number will increase slightly as we finish identifying sites

Future Activities

- Monthly MJA Agency teleconferences begin July 7, 2015
- WWWP Site Visits with MJAs and providers begin July 8, 2015
- The WWWP Toll-Free Number becomes available (August 2015)
- Revised *WWWP Policy and Procedures Manual* (October 2015)

Future Activities (cont.)

- New WWWP information and outreach materials (October 2015)
- General in-person meeting with the MJA coordinators (Tentatively scheduled for early November 2015)
- Midyear review and evaluation of the MJA Agency Service Coordination Model (January-February 2015)

Department's Commitment

The Department of Health Services (DHS) is committed to ensuring that the Wisconsin Well Woman Program (WWWP) remains strong and available for eligible women who need breast and cervical cancer screening.
